Penn National Gaming, Inc. and Subsidiaries
Notes to the Consolidated Financial Statements

1. Basis of Presentation

The accompanying unaudited consolidated financial statements of Penn National Gaming, Inc. (“Penn”) and its subsidiaries (collectively, the “Company”) have been prepared in accordance with United States (“U.S.”) generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The notes to the consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2007 should be read in conjunction with these consolidated financial statements. For purposes of comparability, certain prior year amounts have been reclassified to conform to the current year presentation. Operating results for the nine months ended September 30, 2008 are not necessarily indicative of the results that may be expected for the year ending December 31, 2008.

2. Merger Announcement and Termination

On June 15, 2007, the Company announced that it had entered into a merger agreement that, at the effective time of the transactions contemplated thereby, would have resulted in the Company’s shareholders receiving \$67.00 per share. Specifically, the Company, PNG Acquisition Company Inc. (“Parent”) and PNG Merger Sub Inc., a wholly-owned subsidiary of Parent (“Merger Sub”), announced that they had entered into an Agreement and Plan of Merger, dated as of June 15, 2007 (the “Merger Agreement”), that provided, among other things, for Merger Sub to be merged with and into the Company (the “Merger”), as a result of which the Company would have continued as the surviving corporation and would have become a wholly-owned subsidiary of Parent. Parent is indirectly owned by certain funds (the “Funds”) managed by affiliates of Fortress Investment Group LLC (“Fortress”) and Centerbridge Partners, L.P. (“Centerbridge”).

The Merger Agreement provided that, upon termination under specified circumstances generally related to a competing acquisition proposal, the Company would have been required to pay a termination fee of up to \$200 million to Parent and, under certain circumstances if the Company’s shareholders had not approved the Merger, the Company would have been required to reimburse Parent for an aggregate amount not to exceed \$17.5 million for transaction expenses incurred by Parent and its affiliates. Since the shareholder vote was obtained, the Company was unable to solicit, or terminate the Merger Agreement to accept, any third-party acquisition proposals. The Company’s reimbursement of Parent’s expenses would have reduced the amount of any required termination fee that became payable by the Company. The Merger Agreement further provided that, upon termination under specified circumstances related to, among other things, Parent’s breach of the Merger Agreement, the failure to obtain financing or failure to obtain regulatory approval, Parent would have been required to pay the Company a termination fee of \$200 million. Affiliates of the Funds had agreed to fund Parent in the amount of the termination fee in the event it became payable.

On July 3, 2008, the Company entered into an agreement with certain affiliates of Fortress and Centerbridge, terminating the Merger Agreement. In connection with the termination of the Merger Agreement, the Company agreed to receive a total of \$1.475 billion, consisting of a nonrefundable \$225 million cash termination fee (the “Cash Termination Fee”) and a \$1.25 billion, zero coupon, preferred equity investment. Pursuant to the terms of the preferred equity purchase agreement, the purchasers made a nonrefundable \$475 million payment (the “Initial Investment”) to the Company on July 3, 2008, in addition to the payment of the Cash Termination Fee. Under the terms of the purchase agreement, the purchasers deposited the remaining preferred equity investment purchase consideration with an escrow agent. The funds will be released from escrow upon the issuance of the preferred stock, which is subject to the receipt of required regulatory approvals and the satisfaction of certain other conditions. The Company is in the process of seeking the required regulatory approvals and expects to satisfy all conditions to funding and the related issuance of the preferred stock in the fourth quarter of 2008. The Company primarily used the net proceeds from the Initial Investment and the after-tax proceeds of the Cash Termination Fee to repay some of its existing debt and for repurchases of its common stock. The repurchase of up to \$200 million of the Company’s common stock over the twenty-four month period ending July 2010 was authorized by the Company’s Board of Directors in July 2008. See Note 13 for information regarding the receipt of the remaining preferred equity investment purchase consideration and the issuance of the preferred stock in the fourth quarter of 2008.

On December 26, 2007, the Company entered into a Change in Control Payment Acknowledgement and Agreement (the “Acknowledgement and Agreement”) with certain members of its management team. Pursuant to the Acknowledgement and Agreement, a portion of the payment due on a change in control to such executives was accelerated and paid on or before December 31, 2007. The Acknowledgement and Agreements were entered into as part of actions taken to reduce the amount

[Table of Contents](#)

of “gross-up” payments pertaining to federal excise taxes that may have otherwise been owed to such executives under the terms of their existing employment agreements in connection with the change in control payments due upon the consummation of the Merger. The accelerated change in control payments were subject to a clawback right in the event the Merger was terminated pursuant to the terms of the Merger Agreement or the closing of the Merger otherwise failed to occur or if the executive’s employment with the Company was terminated prior to the effective date of the Merger under circumstances where the executive was not entitled to receive the remainder of his change in control payment under the terms of his employment agreement. In July 2008, the Company exercised its clawback right for the accelerated change in control payments in accordance with the Acknowledgement and Agreement, and advised the affected executives of the amounts to be repaid and the due date. The Company has received the net amount from each executive, and is working with each executive to recover the applicable taxes.

3. Summary of Significant Accounting Policies

Revenue Recognition and Promotional Allowances

Gaming revenue is the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs, for chips and “ticket-in, ticket-out” coupons in the customers’ possession, and for accruals related to the anticipated payout of progressive jackpots. Progressive slot machines, which contain base jackpots that increase at a progressive rate based on the number of coins played, are charged to revenue as the amount of the jackpots increase.

Revenue from the management service contract for Casino Rama is based upon contracted terms, and is recognized when services are performed.

Food, beverage and other revenue, including racing revenue, is recognized as services are performed. Racing revenue includes the Company’s share of pari-mutuel wagering on live races after payment of amounts returned as winning wagers, its share of wagering from import and export simulcasting, and its share of wagering from its off-track wagering facilities.

Revenues are recognized net of certain sales incentives in accordance with the Emerging Issues Task Force (“EITF”) consensus on Issue 01-9, “Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor’s Products)” (“EITF 01-9”). The consensus in EITF 01-9 requires that sales incentives and points earned in point-loyalty programs be recorded as a reduction of revenue. The Company recognizes incentives related to gaming play and points earned in point-loyalty programs as a direct reduction of gaming revenue.

The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenues and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is primarily included in food, beverage and other expense. The amounts included in promotional allowances for the three and nine months ended September 30, 2008 and 2007 are as follows:

Earnings Per Share

Basic earnings per share (“EPS”) is computed by dividing net income applicable to common stock by the weighted-average common shares outstanding during the period. Diluted EPS reflects the additional dilution for all potentially-dilutive securities such as stock options.

The following table reconciles the weighted-average common shares outstanding used in the calculation of basic EPS to the weighted-average common shares outstanding used in the calculation of diluted EPS. Options to purchase 4,939,838 and 1,567,760 shares were outstanding during the three and nine months ended September 30, 2008, respectively, but were not included in the computation of diluted EPS because they are antidilutive. Options to purchase 66,736 and 1,445,057 shares were outstanding during the three and nine months ended September 30, 2007, respectively, but were not included in the computation of diluted EPS because they are antidilutive.

The repurchase of up to \$200 million of the Company's common stock over the twenty-four month period ending July 2010 was authorized by the Company's Board of Directors in July 2008. During the three months ended September 30, 2008, the Company repurchased 1,149,600 shares of its common stock in open market transactions for approximately \$31.7 million, at an average price of \$27.52. See Note 13 for information regarding the Company's repurchase of shares of its common stock in open market transactions during the month ended October 31, 2008.

Stock-Based Compensation

On January 1, 2006, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 123 (revised 2004), "Share-Based Payment" ("SFAS 123(R)", issued by the Financial Accounting Standards Board ("FASB"). SFAS 123(R) requires the Company to expense the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. This expense must be recognized ratably over the requisite service period following the date of grant.

The Company elected the modified prospective application method for adoption, which results in the recognition of compensation expense using the provisions of SFAS 123(R) for all share-based awards granted or modified after December 31, 2005, and the recognition of compensation expense using the original provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), as amended by SFAS No. 148, "Accounting for Stock-Based Compensation—Transition and Disclosure," with the exception of the method of recognizing forfeitures, for all unvested awards outstanding at the date of adoption.

The fair value for stock options was estimated at the date of grant using the Black-Scholes option-pricing model, which requires management to make certain assumptions. The risk-free interest rate was based on the U.S. Treasury spot rate with a remaining term equal to the expected life assumed at the date of grant. Expected volatility at September 30, 2008 was estimated based on the historical volatility of the Company's stock price over a period of 4.72 years, in order to match the

[Table of Contents](#)

expected life of the options at the grant date. There is no expected dividend yield since the Company has not paid any cash dividends on its common stock since its initial public offering in May 1994, and since the Company intends to retain all of its earnings to finance the development of its business for the foreseeable future. The weighted-average expected life was based on the contractual term of the stock option and expected employee exercise dates, which was based on the historical exercise behavior of the Company's employees. Forfeitures are estimated at the date of grant based on historical experience. Prior to the adoption of SFAS 123(R), the Company recorded forfeitures as they occurred for purposes of estimating pro forma compensation expense under SFAS 123. The following are the weighted-average assumptions used in the Black-Scholes option-pricing model at September 30, 2008 and 2007:

Nine Months Ended September 30,	2008	2007
Risk-free interest rate	3.28%	4.24%
Expected volatility	35.87%	37.68%
Dividend yield	—	—
Weighted-average expected life (years)	4.72	4.73
Forfeiture rate	4.00%	4.00%

4. New Accounting Pronouncements

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles" ("SFAS 162"), which identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with U.S. GAAP (the GAAP hierarchy). Any effect of applying the provisions of SFAS 162 shall be reported as a change in accounting principle in accordance with SFAS No. 154, "Accounting Changes and Error Corrections." SFAS 162 is effective 60 days following the Securities and Exchange Commission's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, "The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles." The Company does not expect SFAS 162 to have an impact on its consolidated financial statements.

In April 2008, the FASB issued FASB Staff Position ("FSP") FAS 142-3, "Determination of the Useful Life of Intangible Assets" ("FSP FAS 142-3"), which amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). The intent of FSP FAS 142-3 is to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the assets under SFAS No. 141 (revised), "Business Combinations", and other GAAP. FSP FAS 142-3 is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008. Early adoption of the standard is prohibited. The Company is currently determining the impact of FSP FAS 142-3 on its consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities — an amendment of SFAS No. 133" ("SFAS 161"), which requires enhanced disclosures about an entity's derivative and hedging activities. Specifically, entities are required to provide enhanced disclosures about: a) how and why an entity uses derivative instruments; b) how derivative instruments and related hedged items are accounted for under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," and its related interpretations; and c) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. SFAS 161 encourages, but does not require, comparative disclosures for earlier periods at initial adoption. The Company is currently determining the impact of SFAS 161 on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised), "Business Combinations" ("SFAS 141(R)", which is intended to improve reporting by creating greater consistency in the accounting and financial reporting of business combinations. SFAS 141(R) requires that the acquiring entity in a business combination recognize all (and only) the assets and liabilities assumed in the transaction, establishes the acquisition-date fair value as the measurement objective for all assets acquired and liabilities assumed, and requires the acquirer to disclose to investors and other users all of the information that they need to evaluate and understand the nature and financial effect of the business combination. In addition, SFAS 141(R) modifies the accounting for transaction and

[Table of Contents](#)

In February 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities-including an amendment of SFAS No. 115” (“SFAS 159”), which permits an entity to choose to measure many financial instruments and certain other items at fair value. A business entity shall report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS 159 is effective as of the beginning of each reporting entity’s first fiscal year that begins after November 15, 2007. The Company did not elect the fair value option for any financial assets or financial liabilities.

In September 2006, the FASB issued SFAS No. 157, “Fair Value Measurements” (“SFAS 157”), which defines fair value, establishes a framework for measuring fair value, and expands the disclosure requirements about fair value measurements. In February 2008, the FASB amended SFAS 157 through the issuance of FSP FAS 157-1, “Application of FASB Statement No. 157 to FASB Statement No. 13 and Other Accounting Pronouncements That Address Fair Value Measurements for Purposes of Lease Classification or Measurement under Statement 13” (“FSP FAS 157-1”) and FSP FAS 157-2, “Effective Date of FASB Statement No. 157” (“FSP FAS 157-2”). FSP FAS 157-1, which was effective upon the initial adoption of SFAS 157, amends SFAS 157 to exclude from its scope certain accounting pronouncements that address fair value measurements associated with leases. FSP FAS 157-2, which was effective upon issuance, delays the effective date of SFAS 157 to fiscal years beginning after November 15, 2008 for nonfinancial assets and nonfinancial liabilities that are not recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). In October 2008, the FASB issued FSP FAS 157-3, “Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active” (“FSP FAS 157-3”), which was effective upon issuance. FSP FAS 157-3 clarifies the application of SFAS 157 in a market that is not active and provides an example to illustrate key considerations in determining the fair value of a financial asset when the market for that financial asset is not active. The Company adopted SFAS 157, as amended, and on a prospective basis, as of January 1, 2008. The January 1, 2008 adoption did not have a significant impact on the Company. The Company will apply SFAS 157, as amended, and on a prospective basis, as of January 1, 2009 to nonfinancial assets and nonfinancial liabilities that are not recognized or disclosed at fair value in the financial statements on a recurring basis. The Company is currently determining the impact of applying SFAS 157, as amended, to these items. See Note 12 for further information regarding the adoption of SFAS 157.

5. Acquisitions

Sanford-Orlando Kennel Club

On October 17, 2007, pursuant to the Asset Purchase Agreement dated July 5, 2007, the Company completed the purchase of Sanford-Orlando Kennel Club in Longwood, Florida from Sanford-Orlando Kennel Club, Inc. and Collins and Collins. In connection with the purchase, the Company also secured a right of first refusal with respect to a majority stake in the Sarasota Kennel Club in Sarasota, Florida. The purchase price for the Sanford-Orlando Kennel Club provides for additional consideration to be paid by the Company based upon certain future regulatory developments. Located on approximately 26 acres in Longwood, Florida, the Sanford-Orlando Kennel Club features year-round greyhound racing, a simulcast wagering facility, a clubhouse lounge and two dining areas. The Company accounted for the acquisition in accordance with SFAS No. 141, “Business Combinations” (“SFAS 141”). The results of the Sanford-Orlando Kennel Club have been included in the Company’s consolidated financial statements since the acquisition date.

Black Gold Casino at Zia Park

On April 16, 2007, pursuant to the Asset Purchase Agreement dated November 7, 2006 among Zia Partners, LLC (“Zia”), Zia Park LLC (the “Buyer”), a wholly-owned subsidiary of Penn, and (solely with respect to specified sections thereof which relate to the Company’s guarantee of the Buyer’s payment and performance) Penn, the Buyer completed the acquisition of Black Gold Casino at Zia Park and all related assets of Zia. Penn funded this purchase with additional borrowings under its existing \$750 million revolving credit facility. The Company accounted for the acquisition in accordance with SFAS 141. As a result of the acquisition, the Company recorded goodwill of \$144.2 million and other intangible assets of \$3.7 million. The results of the Black Gold Casino at Zia Park have been included in the Company’s consolidated financial statements since the acquisition date.

3-5 years	1,780,036
Over 5 years	251,859
Total minimum payments	<u>\$ 2,393,760</u>

At September 30, 2008, the Company was contingently obligated under letters of credit issued pursuant to the \$2.725 billion senior secured credit facility with face amounts aggregating \$21.1 million.

Senior Secured Credit Facility

The \$2.725 billion senior secured credit facility consists of three credit facilities comprised of a \$750 million revolving credit facility (of which \$54.9 million was drawn at September 30, 2008), a \$325 million Term Loan A Facility and a \$1.65 billion Term Loan B Facility. During the three months ended September 30, 2008, the Company primarily used the net proceeds from the Initial Investment and the after-tax proceeds of the Cash Termination Fee to repay some of its existing debt.

Interest Rate Swap Contracts

The Company has a policy designed to manage interest rate risk associated with its current and anticipated future borrowings. This policy enables the Company to use any combination of interest rate swaps, futures, options, caps and similar instruments. To the extent the Company employs such financial instruments pursuant to this policy, they are generally accounted for as hedging instruments. In order to qualify for hedge accounting, the underlying hedged item must expose the Company to risks associated with market fluctuations and the financial instrument used must be designated as a hedge and must reduce the Company's exposure to market fluctuations throughout the hedge period. If these criteria are not met, a

[Table of Contents](#)

change in the market value of the financial instrument is recognized as a gain or loss in the period of change. Net settlements pursuant to the financial instrument are included as interest expense in the period.

In accordance with the terms of its \$2.725 billion senior secured credit facility, the Company was required to enter into interest rate swap agreements in an amount equal to 50% of the Company's consolidated indebtedness, excluding the revolving credit facility, within 100 days of the closing date of the \$2.725 billion senior secured credit facility.

On October 25, 2005, the Company entered into four interest rate swap contracts with terms from three to five years, notional amounts of \$224 million, \$274 million, \$225 million, and \$237 million, for a total of \$960 million, and fixed interest rates ranging from 4.678% to 4.753%. The annual weighted-average interest rate of the four contracts is 4.71%. Under these contracts, the Company pays or paid a fixed interest rate against a variable interest rate based on the 90-day LIBOR rate. As of September 30, 2008, the applicable 90-day LIBOR rate was 2.80% for the \$960 million swaps. The \$224 million and \$225 million swaps expired on October 27, 2008. The counterparty for the \$225 million swap is Lehman Brothers, which filed for Chapter 11 bankruptcy protection during the three months ended September 30, 2008. The fair value of the \$225 million swap was in a liability position at September 30, 2008, and is included in accrued interest within the consolidated balance sheet at September 30, 2008.

On April 6, 2006, the Company entered into three interest rate swap contracts with a term of five years and notional amounts of \$100 million each, for a total of \$300 million and fixed interest rates ranging from 5.263% to 5.266%. The annual weighted-average interest rate of the three contracts is 5.26%. Under these contracts, the Company pays a fixed interest rate against a variable interest rate based on the 90-day LIBOR rate. As of September 30, 2008, the applicable 90-day LIBOR rate was 2.80% for the \$300 million swaps. The counterparty for one of the \$100 million swaps is Lehman Brothers, which filed for Chapter 11 bankruptcy protection during the three months ended September 30, 2008. The fair value of this \$100 million swap was in a liability position at September 30, 2008, and is included in accrued interest within the consolidated balance sheet at September 30, 2008.

On September 5, 2007, the Company entered into two interest rate swap contracts with terms of nine months and notional amounts of \$197 million and \$181 million, for a total of \$378 million, and fixed interest rates of 5.01%. The \$197 million swap expired on June 17, 2008, while the \$181 million swap expired on July 18, 2008.

On December 19, 2007, the Company entered into three monthly interest rate swap contracts, each with notional amounts of \$146.25 million and fixed interest rates of 4.97% effective December 31, 2007, 4.47% effective January 31, 2008 and 4.40% effective February 29, 2008. The \$146.25 million swap matured on March 31, 2008.

Covenants

At September 30, 2008, the Company was in compliance with all required financial covenants.

9. Commitments and Contingencies

Litigation

The Company is subject to various legal and administrative proceedings relating to personal injuries, employment matters, commercial transactions and other matters arising in the normal course of business. The Company does not believe that the final outcome of these matters will have a material adverse effect on the Company's consolidated financial position or results of operations. In addition, the Company maintains what it believes is adequate insurance coverage to further mitigate the risks of such proceedings. However, such proceedings can be costly, time consuming and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings may not materially impact the Company's consolidated financial condition or results of operations. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

The following proceedings could result in costs, settlements, damages, or rulings that materially impact the Company's consolidated financial condition or operating results. In each instance, the Company believes that it has meritorious defenses, claims and/or counter-claims, and intends to vigorously defend itself or pursue its claim.

In November 2005, Capital Seven, LLC and Shawn A. Scott (collectively, "Capital Seven"), the sellers of Bangor Historic Track, Inc. ("BHT"), filed a demand for arbitration with the American Arbitration Association seeking \$30 million plus interest and other damages. Capital Seven alleged a breach of contract by the Company based on the Company's

[Table of Contents](#)

payment of a \$51 million purchase price for the purchase of BHT instead of an alleged \$81 million purchase price Capital Seven claims is due under the purchase agreement. The parties had agreed that the purchase price of BHT would be determined, in part, by the applicable gaming taxes imposed by Maine on the Company's operations, and currently are disputing the effective tax rate. Pursuant to the dispute resolution procedures, the Company deposited \$30 million in escrow, pending a resolution. This amount is included in other assets within the consolidated balance sheets at September 30, 2008 and

December 31, 2007. Arbitration was held in April 2008. Post-arbitration briefs were filed in June 2008 and oral arguments were held in July 2008. A decision by the arbitrators is expected in the fourth quarter of 2008.

In conjunction with the Company's acquisition of Argosy Gaming Company ("Argosy") in 2005, and subsequent disposition of the Argosy Casino Baton Rouge property, the Company became responsible for litigation initiated over eight years ago related to the Baton Rouge casino license formerly owned by Argosy. On November 26, 1997, Capitol House filed an amended petition in the Nineteenth Judicial District Court for East Baton Rouge Parish, State of Louisiana, amending its previously filed but unserved suit against Richard Perryman, the person selected by the Louisiana Gaming Division to evaluate and rank the applicants seeking a gaming license for East Baton Rouge Parish, and adding state law claims against Jazz Enterprises, Inc., the former Jazz Enterprises, Inc. shareholders, Argosy, Argosy of Louisiana, Inc. and Catfish Queen Partnership in Commendam, d/b/a the Belle of Baton Rouge Casino. This suit alleged that these parties violated the Louisiana Unfair Trade Practices Act in connection with obtaining the gaming license that was issued to Jazz Enterprises, Inc./Catfish Queen Partnership in Commendam. The plaintiff, an applicant for a gaming license whose application was denied by the Louisiana Gaming Division, sought to prove that the gaming license was invalidly issued and to recover lost gaming revenues that the plaintiff contended it could have earned if the gaming license had been properly issued to the plaintiff. On October 2, 2006, the Company prevailed on a partial summary judgment motion which limited plaintiff's damages to its out-of-pocket costs in seeking its gaming license, thereby eliminating any recovery for potential lost gaming profits. On February 6, 2007, the jury returned a verdict of \$3.8 million (exclusive of statutory interest and attorneys' fees) against Jazz Enterprises, Inc. and Argosy. After ruling on post-trial motions, on September 27, 2007, the trial court entered a judgment in the amount of \$1.4 million, plus attorneys' fees, costs and interest. The Company has established an appropriate reserve and has bonded the judgment pending its appeal. Both the plaintiff and the Company have appealed the judgment to the First Circuit Court of Appeals in Louisiana and oral arguments took place on August 28, 2008. The Company has the right to seek indemnification from two of the former Jazz Enterprises, Inc. shareholders for any liability suffered as a result of such cause of action, however, there can be no assurance that the former Jazz Enterprises, Inc. shareholders will have assets sufficient to satisfy any claim in excess of Argosy's recoupment rights.

In May 2006, the Illinois Legislature passed into law House Bill 1918, effective May 26, 2006, which singled out four of the nine Illinois casinos, including the Company's Empress Casino Hotel and Hollywood Casino Aurora, for a 3% tax surcharge to subsidize local horse racing interests. On May 30, 2006, Empress Casino Hotel and Hollywood Casino Aurora joined with the two other riverboats affected by the law, Harrah's Joliet and the Grand Victoria Casino in Elgin, and filed suit in the Circuit Court of the Twelfth Judicial District in Will County, Illinois (the "Court"), asking the Court to declare the law unconstitutional. Empress Casino Hotel and Hollywood Casino Aurora began paying the 3% tax surcharge during the three months ended June 30, 2006 into a protest fund which accrues interest during the pendency of the lawsuit. The 3% tax surcharge expired on May 25, 2008. The accumulated funds will be returned to Empress Casino Hotel and Hollywood Casino Aurora if they ultimately prevail in the lawsuit. In two orders dated March 29, 2007 and April 20, 2007, the Court declared the law unconstitutional under the Uniformity Clause of the Illinois Constitution and enjoined the collection of this tax surcharge. The State of Illinois requested, and was granted, a stay of this ruling. As a result, Empress Casino Hotel and Hollywood Casino Aurora continued paying the 3% tax surcharge into the protest fund until May 25, 2008, when the 3% tax surcharge expired. The State of Illinois appealed the ruling to the Illinois Supreme Court. On June 5, 2008, the Illinois Supreme Court reversed the trial court's ruling and issued a decision upholding the constitutionality of the 3% tax surcharge. The four casino plaintiffs filed a petition for rehearing with the Illinois Supreme Court, which was denied on September 22, 2008. The casino plaintiffs plan to file a petition for certiorari, requesting the U.S. Supreme Court to hear the case. In October 2008, the casino plaintiffs were granted a stay of the order to keep the funds from being transferred to the racetracks while the further appeals are pending.

In August 2007, a complaint was filed on behalf of a putative class of public shareholders of the Company, and derivatively on behalf of the Company, in the Court of Common Pleas of Berks County, Pennsylvania (the "Complaint"). The Complaint names the Company's Board of Directors as defendants and the Company as a nominal defendant. The Complaint alleges, among other things, that the Board of Directors breached their fiduciary duties by agreeing to the proposed transaction with Fortress and Centerbridge for inadequate consideration, that certain members of the Board of Directors have conflicts with regard to the Merger, and that the Company and its Board of Directors have failed to disclose certain material information with regard to the Merger. The Complaint seeks, among other things, a court order: determining that the action is properly maintained as a class action and a derivative action; enjoining the Company and its Board of Directors from consummating the proposed Merger; and awarding the payment of attorneys' fees and expenses. The

[Table of Contents](#)

Company and the plaintiff have reached a tentative settlement in which the Company agreed to pay certain attorneys' fees and to make certain disclosures regarding the events leading up to the transaction with Fortress and Centerbridge in the proxy statement sent to shareholders in November 2007. Final settlement was contingent upon court approval and consummation of the transaction with Fortress and Centerbridge. Because the transaction with Fortress and Centerbridge was terminated as described in Note 2, the Company expects to move for a dismissal of the complaint.

On July 16, 2008, the Company was served with a purported class action lawsuit brought by Herman Braude, on behalf of himself and others who purchased shares of Company stock between April 1, 2008 and July 3, 2008. The lawsuit alleges that the Company's disclosure practices relative to the proposed transaction with Fortress and Centerbridge and the eventual termination of that transaction were misleading and deficient in violation of the Securities Exchange Act of 1934. The complaint, which seeks class certification and unspecified damages, was filed in federal court in Maryland. The complaint has been amended, among other things, to remove Herman Braude as a named plaintiff, to add three new named plaintiffs and to name Peter M. Carlino, Chairman and Chief Executive Officer, and William J. Clifford, Senior Vice President and Chief Financial Officer, as additional defendants. The Company expects to file its answer or otherwise respond in the fourth quarter of 2008.

On September 11, 2008, the Board of County Commissioners of Cherokee County, Kansas (the "County") filed suit against Kansas Penn Gaming, LLC ("KPG," a wholly-owned subsidiary of Penn created to pursue a development project in Cherokee County, Kansas) and the Company in the District Court of Shawnee County, Kansas. The petition alleges that KPG breached its pre-development agreement with the County when KPG withdrew its application to manage a lottery gaming facility in Cherokee County and seeks in excess of \$50 million in damages. In connection with their petition, the County obtained an ex-parte order attaching the \$25 million privilege fee paid to the Kansas Lottery Commission in conjunction with the gaming application for the Cherokee County zone. Defendants are currently contesting the validity and scope of the attachment and intend to defend the merits of the case going forward.

On September 23, 2008, KPG filed an action against HV Properties of Kansas, LLC ("HV") in the U.S. District Court for the District of Kansas seeking a declaratory judgment from the U.S. District Court finding that KPG has no further obligations to HV under a Real Estate Sale Contract (the "Contract") that KPG and HV entered into on September 6, 2007, and that KPG properly terminated this Contract under the terms of the Repurchase Agreement entered into between the parties effective September 28, 2007. HV filed a counterclaim claiming KPG breached the Contract, and seeks \$37.5 million in damages. On October 7, 2008, HV filed suit against the Company claiming the Company is liable to HV for KPG's alleged breach based on a Guaranty Agreement signed by the Company. HV has requested that the two cases be consolidated.

Operating Lease Commitments

The Company is liable under numerous operating leases for airplanes, automobiles, land for the property on which some of its casinos operate, other equipment and buildings, which expire at various dates through 2093. Total rental expense under these agreements was \$8.1 million and \$23.0 million for the three and nine months ended September 30, 2008, respectively, as compared to \$8.0 million and \$23.8 million for the three and nine months ended September 30, 2007, respectively.

The leases for land consist of annual base lease rent payments plus, in some instances, a percentage rent based on a percent of adjusted gaming wins, as described in the respective leases.

The Company has an operating lease with the City of Bangor which covers the temporary facility and the permanent facility, which opened on July 1, 2008. Under the lease agreement, there is a fixed rent provision, as well as a revenue-sharing provision which is equal to 3% of gross slot revenue. The final term of the lease, which commenced with the opening of the permanent facility, is for an initial term of fifteen years, with three ten-year renewal options.

On March 23, 2007, BTN, Inc. ("BTN"), one of the Company's wholly-owned subsidiaries, entered into an amended and restated ground lease (the "Amended Lease") with Skrmetta MS, LLC. The lease amends the prior ground lease, dated October 19, 1993. The Amended Lease requires BTN to maintain a minimum gaming operation on the leased premises and to pay rent equal to 5% of adjusted gaming win after gaming taxes have been deducted. The term of the Amended Lease expires on January 1, 2093.

The future minimum lease commitments relating to the base lease rent portion of noncancelable operating leases at September 30, 2008 are as follows (in thousands):

10. Subsidiary Guarantors

Under the terms of the \$2.725 billion senior secured credit facility, all of Penn's subsidiaries are guarantors under the agreement, with the exception of several minor subsidiaries with total assets, excluding intercompany balances, of \$42.5 million (approximately 0.8% of total assets at September 30, 2008). Each of the subsidiary guarantors is 100% owned by Penn. In addition, the guarantees provided by Penn's subsidiaries under the terms of the \$2.725 billion senior secured credit facility are full and unconditional, joint and several, and Penn had no significant independent assets and no independent operations at, and for the three and nine months ended, September 30, 2008. There are no significant restrictions within the \$2.725 billion senior secured credit facility on the Company's ability to obtain funds from its subsidiaries by dividend or loan. However, in certain jurisdictions, the gaming authorities may impose restrictions pursuant to the authority granted to them with regard to Penn's ability to obtain funds from its subsidiaries.

With regard to the \$2.725 billion senior secured credit facility, the Company has not presented condensed consolidating balance sheets, condensed consolidating statements of income and condensed consolidating statements of cash flows at, and for the three and nine months ended, September 30, 2008 and 2007, as Penn had no significant independent assets and no independent operations at, and for the three and nine months ended, September 30, 2008, the guarantees are full and unconditional and joint and several, and any subsidiaries of Penn other than the subsidiary guarantors are considered minor.

Under the terms of the \$200 million 6⁷/₈% senior subordinated notes, all of Penn's subsidiaries are guarantors under the agreement, with the exception of several minor subsidiaries with total assets, excluding intercompany balances, of \$14.8 million (approximately 0.3% of total assets at September 30, 2008). Each of the subsidiary guarantors is 100% owned by Penn. In addition, the guarantees provided by Penn's subsidiaries under the terms of the \$200 million 6⁷/₈% senior subordinated notes are full and unconditional, joint and several, and Penn had no significant independent assets and no independent operations at, and for the three and nine months ended, September 30, 2008. There are no significant restrictions within the \$200 million 6⁷/₈% senior subordinated notes on the Company's ability to obtain funds from its subsidiaries by dividend or loan. However, in certain jurisdictions, the gaming authorities may impose restrictions pursuant to the authority granted to them with regard to Penn's ability to obtain funds from its subsidiaries.

With regard to the \$200 million 6⁷/₈% senior subordinated notes, the Company has not presented condensed consolidating balance sheets, condensed consolidating statements of income and condensed consolidating statements of cash flows at, and for the three and nine months ended, September 30, 2008 and 2007, as Penn had no significant independent assets and no independent operations at, and for the three and nine months ended, September 30, 2008, the guarantees are full and unconditional and joint and several, and any subsidiaries of Penn other than the subsidiary guarantors are considered minor.

11. Investment in Corporate Securities

During the three months ended September 30, 2008, the Company made a \$5.1 million investment in the corporate debt securities of other gaming companies. The investment, which the Company is treating as available-for-sale securities, is included in other assets within the consolidated balance sheet at September 30, 2008. During the three months ended September 30, 2008, the Company recorded a \$420,000 unrealized loss in other comprehensive income for this investment.

The following is a schedule of the contractual maturities of the Company's investment in corporate securities at September 30, 2008 (in thousands):

12. Fair Value Measurements

Effective January 1, 2008, the Company adopted the provisions of SFAS 157 for certain balance sheet items. SFAS 157 establishes a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques (market approach, income approach, and cost approach). The levels of the hierarchy are described below:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; these include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy. The following table sets forth the assets and liabilities measured at fair value on a recurring basis, by input level, in the consolidated balance sheet at September 30, 2008 (in thousands):

	Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Assets:				
Investment in corporate debt securities	\$ 4,690	\$ —	\$ —	\$ 4,690
Liabilities:				
Interest rate swaps	—	24,685	—	24,685

The investment in corporate debt securities is included in other assets and the interest rate swaps are included in accrued interest within the consolidated balance sheet at September 30, 2008. See Note 13 for information regarding the Company's investment in the corporate debt securities of other gaming companies during the month ended October 31, 2008.

13. Subsequent Events

On October 30, 2008, following the receipt of required regulatory approvals and the satisfaction of certain other conditions, the Company closed the sale of the \$1.25 billion, zero coupon, preferred equity investment, and received the remaining preferred equity investment purchase consideration of \$775 million from the escrow agent. The closing of the sale and the receipt of the remaining preferred equity investment purchase consideration will have an impact on the Company's basic and diluted EPS computations that will be reflected in future filings, as required.

Pursuant to the terms of the preferred equity purchase agreement, and in conjunction with the closing of the sale of the \$1.25 billion, zero coupon, preferred equity investment, Wesley R. Edens, the Chairman and Chief Executive Officer of Fortress, has joined the Company's Board of Directors, increasing the size of the Board to seven members.

During the month ended October 31, 2008, the Company repurchased 7,785,384 shares of its common stock in open market transactions for approximately \$120.9 million, at an average price of \$15.51.

During the month ended October 31, 2008, the Company made a \$38.9 million investment in the corporate debt securities of other gaming companies. The Company intends on treating the investment as available-for-sale securities.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our Operations

We are a leading, diversified, multi-jurisdictional owner and operator of gaming and pari-mutuel properties. We currently own or operate nineteen facilities in fifteen jurisdictions, including Colorado, Florida, Illinois, Indiana, Iowa, Louisiana, Maine, Mississippi, Missouri, New Jersey, New Mexico, Ohio, Pennsylvania, West Virginia, and Ontario. We believe that our portfolio of assets provides us with a diversified cash flow from operations.

We have made significant acquisitions in the past, and expect to continue to pursue additional acquisition and development opportunities in the future. In 1997, we began our transition from a pari-mutuel company to a diversified gaming company with the acquisition of the Charles Town property and

the introduction of video lottery terminals in West Virginia. Since 1997, we have continued to expand our gaming operations through strategic acquisitions, including the acquisitions of Hollywood Casino Corporation in March 2003, Argosy Gaming Company (“Argosy”) in October 2005, Black Gold Casino at Zia Park in April 2007, and Sanford-Orlando Kennel Club in October 2007.

On June 15, 2007, we announced that we had entered into a merger agreement that, at the effective time of the transactions contemplated thereby, would have resulted in our shareholders receiving \$67.00 per share. Specifically, we, PNG Acquisition Company Inc. (“Parent”) and PNG Merger Sub Inc., a wholly-owned subsidiary of Parent (“Merger Sub”), announced that we had entered into an Agreement and Plan of Merger, dated as of June 15, 2007 (the “Merger Agreement”), that provided, among other things, for Merger Sub to be merged with and into us (the “Merger”), as a result of which we would have continued as the surviving corporation and would have become a wholly-owned subsidiary of Parent. Parent is indirectly owned by certain funds managed by affiliates of Fortress Investment Group LLC (“Fortress”) and Centerbridge Partners, L.P. (“Centerbridge”).

On July 3, 2008, we entered into an agreement with certain affiliates of Fortress and Centerbridge, terminating the Merger Agreement. In connection with the termination of the Merger Agreement, we agreed to receive a total of \$1.475 billion, consisting of a nonrefundable \$225 million cash termination fee (the “Cash Termination Fee”) and a \$1.25 billion, zero coupon, preferred equity investment (the “Investment”). Pursuant to the terms of the preferred equity purchase agreement, the purchasers made a nonrefundable \$475 million payment (the “Initial Investment”) to us on July 3, 2008, in addition to the payment of the Cash Termination Fee. Under the terms of the purchase agreement, the purchasers deposited the remaining preferred equity investment purchase consideration with an escrow agent, with the funds to be released from escrow upon the issuance of the preferred stock. On October 30, 2008, following the receipt of required regulatory approvals and the satisfaction of certain other conditions, we closed the sale of the \$1.25 billion, zero coupon, preferred equity investment, and received the remaining preferred equity investment purchase consideration of \$775 million from the escrow agent. The closing of the sale and the receipt of the remaining preferred equity investment purchase consideration will have an impact on our basic and diluted earnings per share (“EPS”) computations that will be reflected in future filings, as required.

The vast majority of our revenues is gaming revenue, derived primarily from gaming on slot machines and, to a lesser extent, table games. Other revenues are derived from our management service fee from Casino Rama, our hotel, dining, retail, admissions, program sales, concessions and certain other ancillary activities, and our racing operations. Our racing revenue includes our share of pari-mutuel wagering on live races after payment of amounts returned as winning wagers, our share of wagering from import and export simulcasting, and our share of wagering from our off-track wagering facilities (“OTWs”).

We intend to continue to expand our gaming operations through the implementation of a disciplined capital expenditure program at our existing properties and the continued pursuit of strategic acquisitions of gaming properties, particularly in attractive markets.

Key performance indicators related to gaming revenue are slot handle (volume indicator), table game drop (volume indicator) and “win” or “hold” percentages. Our typical property slot win percentage is in the range of 6% to 10% of slot handle, and our typical table game win percentage is in the range of 15% to 25% of table game drop.

Our properties generate significant operating cash flow, since most of our revenue is cash-based from slot machines and pari-mutuel wagering. Our business is capital intensive, and we rely on cash flow from our properties to generate operating cash to repay debt, fund capital maintenance expenditures, fund new capital projects at existing properties and provide excess cash for future development and acquisitions.

Executive Summary

Factors affecting our results for the three months ended September 30, 2008, as compared to the three months ended September 30, 2007, included the current economic conditions, the impact of the Illinois and Colorado smoking bans that became effective on January 1, 2008, lobbying costs incurred for efforts primarily in Ohio, Maryland and Maine, separation payments to Leonard DeAngelo, disruption of business due to hurricanes, a full quarter contribution from the casino at Hollywood Casino at Penn National Race Course, the opening of the permanent facility at Hollywood Slots Hotel and Raceway in Bangor, Maine, the acquisition of Sanford-Orlando Kennel Club, the impact of the Argosy Casino Riverside hotel, competitive pressures, the receipt of the Cash Termination Fee, net of related expenses, and the expiration of the 3% tax surcharge at Hollywood Casino Aurora and Empress Casino Hotel in May 2008.

Financial Highlights:

- Net revenues decreased \$11.6 million, or 1.8%, for the three months ended September 30, 2008, as compared to the three months ended September 30, 2007, primarily due to decreases related to current economic conditions and competitive pressures, as well as disruption of business due to hurricanes and the effect of the impact of the Illinois and Colorado smoking bans that became effective on January 1, 2008. These decreases were partially offset by increases in net revenues due to a full quarter contribution from the casino at Hollywood Casino at Penn National Race Course, the opening of the permanent facility at Hollywood Slots Hotel and Raceway, the acquisition of Sanford-Orlando Kennel Club, and the impact of the Argosy Casino Riverside hotel.
- Income from operations decreased \$37.5 million, or 28.0%, for the three months ended September 30, 2008, as compared to the three months ended September 30, 2007, primarily due to the overall decrease in net revenues, and increases in gaming expense, food, beverage and other expense, general and administrative expense and depreciation expense.
- Net income increased \$100.9 million, or 216.6%, for the three months ended September 30, 2008, as compared to the three months ended September 30, 2007, primarily due to the variances explained above as well as the receipt of the Cash Termination Fee, net of related expenses, and a related increase in income taxes.

Other Developments:

- In November 2008, a ballot measure that would have amended the Ohio Constitution to allow a casino near the Town of Wilmington in Southwest Ohio failed. In Maryland, voters overwhelmingly approved gaming expansion at five targeted regions throughout the state. In Missouri, the state’s \$500 loss limit was repealed, and in Colorado, the state bet limit was increased from \$5 to \$100.

- On October 30, 2008, following the receipt of required regulatory approvals and the satisfaction of certain other conditions, we closed the sale of the \$1.25 billion, zero coupon, preferred equity investment, and received the remaining preferred equity investment purchase consideration of \$775 million from the escrow agent. The closing of the sale and the receipt of the remaining preferred equity investment purchase consideration will have an impact on our basic and diluted EPS computations that will be reflected in future filings, as required. On July 3, 2008, we had entered into an agreement with certain affiliates of Fortress and Centerbridge, terminating the Merger Agreement. In connection with the termination of the Merger Agreement, we had agreed to receive a total of \$1.475 billion, consisting of the Cash Termination Fee and the Investment. Pursuant to the terms of the preferred equity purchase agreement, the purchasers made the Initial Investment to us on July 3, 2008, in addition to the payment of the Cash Termination Fee. Under the terms of the purchase agreement, the purchasers had deposited the remaining preferred equity investment purchase consideration with an escrow agent, with the funds to be released from escrow upon the issuance of the preferred stock.
- Pursuant to the terms of the preferred equity purchase agreement, and in conjunction with the closing of the sale of the \$1.25 billion, zero coupon, preferred equity investment, Wesley R. Edens, the Chairman and Chief Executive Officer of Fortress, has joined our Board of Directors, increasing the size of our Board to seven members.

[Table of Contents](#)

- We primarily used the net proceeds from the Initial Investment and the after-tax proceeds of the Cash Termination Fee to repay some of our existing debt and for repurchases of our common stock. The repurchase of up to \$200 million of our common stock over the twenty-four month period ending July 2010 was authorized by our Board of Directors in July 2008. During the three months ended September 30, 2008, we repurchased approximately 1,149,600 shares of our common stock in open market transactions for approximately \$31.7 million, at an average price of \$27.52. During the month ended October 31, 2008, we repurchased 7,785,384 shares of our common stock in open market transactions for approximately \$120.9 million, at an average price of \$15.51.
- On September 5, 2008, the 153-room hotel at Charles Town Entertainment Complex was opened to the public.
- In deference to the proposed Merger, our Board of Directors had determined that the compensation to be paid in 2008 to the non-employee directors be composed of a fixed amount of cash compensation (with no special payment, meeting fees or equity grants). Each non-employee director was expected to receive \$150,000, 50% of which was to be paid on January 25, 2008, and the balance of which was expected to be paid in equal monthly installments throughout 2008 (with the total balance payable at the time of the closing of the Merger). If the Merger was not consummated, our Board of Directors would then consider whether equity awards were appropriate. At June 30, 2008, each non-employee director had received \$112,500. On August 8, 2008, our Board of Directors approved changes to the compensation for the non-employee directors. Under the approved program, in lieu of the \$37,500 cash remaining to be paid to each non-employee director in 2008, each non-employee director was granted stock options to purchase 20,000 shares of our common stock at an exercise price of \$29.34 per share, in lieu of further cash payments. All stock options were granted pursuant to our 2003 Long Term Incentive Compensation Plan.
- On August 4, 2008, we announced the departure of Leonard DeAngelo as an officer. Mr. DeAngelo will receive benefits and separation payments in accordance with the employment agreement between Mr. DeAngelo and us dated as of July 31, 2006.
- On July 16, 2008, we were served with a purported class action lawsuit brought by Herman Braude, on behalf of himself and others who purchased shares of Company stock between April 1, 2008 and July 3, 2008. The lawsuit alleges that our disclosure practices relative to the proposed transaction with Fortress and Centerbridge and the eventual termination of that transaction were misleading and deficient in violation of the Securities Exchange Act of 1934. The complaint, which seeks class certification and unspecified damages, was filed in federal court in Maryland. The complaint has been amended, among other things, to remove Herman Braude as a named plaintiff, to add three new named plaintiffs and to name Peter M. Carlino, Chairman and Chief Executive Officer, and William J. Clifford, Senior Vice President and Chief Financial Officer, as additional defendants. We expect to file our answer or otherwise respond in the fourth quarter of 2008.
- On July 7, 2008, we announced that we had secured an exclusive 18-month option to purchase approximately 36 acres of land located in Perryville, Cecil County, Maryland from Principio Iron Company L.P. The optioned parcel of land is part of an approximately 150-acre site being developed, which is expected to include a retail center, hotel and visitor's center.
- In July 2008, we exercised our clawback right for the accelerated change in control payments previously provided to certain members of our management team in accordance with the Change in Control Payment Acknowledgement and Agreement that we had entered into with certain members of our management team on December 26, 2007, and advised the affected executives of the amounts to be repaid and the due date. We have received the net amount from each executive, and are working with each executive to recover the applicable taxes.
- In the third quarter of 2008, we paid certain members of our management team a total of approximately \$3.1 million in cash, which represents the external measure portion of our Annual Incentive Plan for 2007. The payments to the named executive officers were made as follows: Peter M. Carlino, \$1.4 million; William J. Clifford, \$0.5 million; Leonard M. DeAngelo, \$0.5 million; Jordan B. Savitch, \$0.2 million; Robert S. Ippolito, \$0.1 million. The external measure portion provided for the payment of incentive compensation upon our achievement of pre-established goals regarding our free cash flow (ranking results versus the peer group from unadjusted data reported in the Standard & Poors Research Insight database). The payments were not made earlier as the external free cash flow measure is calculated using publicly-available information regarding the peer group, which had not yet been published. Each named executive officer agreed and confirmed in writing

[Table of Contents](#)

that such payment would not be included in any future determination of any severance or change in control payment that may be due under any employment agreement between such executive and us.

- In July 2008, we made our annual stock option grant to executives and other eligible employees following the termination of the Merger Agreement. We issued 1,651,500 stock options on July 8, 2008, at a price of \$29.87. We had previously elected to defer our annual stock option grant to executives and other eligible employees due to the anticipated Merger.
- On July 1, 2008, the permanent Hollywood Slots at Bangor facility, which is called the Hollywood Slots Hotel and Raceway, was opened. The permanent facility included 1,000 slot machines at opening, an attached parking garage and several restaurants. In addition, a 152-room hotel opened in August 2008.
- In June 2008, we entered into the second term of our first layer of property insurance coverage in the amount of \$200 million. The \$200 million coverage, which is effective from August 8, 2007 through December 31, 2010, is on an “all risk” basis, including, but not limited to, coverage for “named windstorms,” floods and earthquakes. In June 2008, we also purchased an additional \$100 million of “all risk” coverage including, but not limited to, coverage for “named windstorms,” floods and earthquakes. The additional \$100 million of “all risk” coverage excludes coverage for windstorms, “named windstorms,” floods, and earthquakes, for Boomtown Biloxi and Hollywood Casino Bay St. Louis. An additional \$300 million of “all risk” coverage was purchased, which is subject to certain exclusions including, among others, exclusions for windstorms, “named windstorms,” floods and earthquakes. The two additional coverage layers are effective from June 1, 2008 through June 1, 2009. There is a \$25 million deductible for “named windstorm” events, and lesser deductibles as they apply to other perils. All three layers are subject to specific policy terms, conditions and exclusions.
- On February 19, 2008, the Illinois Gaming Board resolved to allow us to retain the Empress Casino Hotel. As a result of this decision, we plan to invest \$50 million in the facility, in order to improve its competitive position in the market. Previously, in connection with our acquisition of Argosy, we entered into an agreement with the Illinois Gaming Board in which we agreed, in part, to enter into an agreement to divest the Empress Casino Hotel by December 31, 2006, which date was later extended to June 30, 2008, subject to us having the right to request that the Illinois Gaming Board review and reconsider the terms of the agreement. We are in the design phase for these improvements, and expect to begin these facility enhancements in late 2008. We expect the gaming vessel, food, beverage and VIP amenity upgrades to be completed in the fourth quarter of 2009.
- On February 6, 2008, we announced that we named Timothy J. Wilmott to the position of President and Chief Operating Officer.
- On August 31, 2007 and November 28, 2007, we filed license applications with the Kansas Lottery Commission to be considered as a Lottery Gaming Facility Manager for our proposed resorts in Cherokee County and Sumner County, respectively. In May 2008, the Kansas Lottery Commission approved our subsidiary’s contracts to act as a Lottery Gaming Facility Manager in both counties. The management contracts were sent to the Kansas Lottery Gaming Facility Review Board (the “Review Board”) for their consideration, and we presented our proposals to the Review Board in July 2008. In June 2008, in accordance with the management contracts, we paid privilege fees totaling \$50.0 million to the State of Kansas, which were refundable if the required approvals were not obtained or if we withdrew our application prior to obtaining all required approvals. In August 2008, we learned that we were unsuccessful in our bid to manage a gaming facility in Sumner County, and the \$25 million privilege fee paid to the State of Kansas for Sumner County was returned in September 2008. In addition, in September 2008, although we were selected for a license in Cherokee County, we withdrew our application to manage the facility in Cherokee County for various reasons.
- On September 23, 2008, Kansas Penn Gaming, LLC (“KPG”, a wholly-owned subsidiary created to pursue a development project in Cherokee County, Kansas) filed an action against HV Properties of Kansas, LLC (“HV”) in the U.S. District Court for the District of Kansas seeking a declaratory judgment from the U.S. District Court finding that KPG has no further obligations to HV under a Real Estate Sale Contract (the “Contract”) that KPG and HV entered into on September 6, 2007, and that KPG properly terminated this Contract under the terms of the Repurchase Agreement entered into between the parties effective September 28, 2007. HV filed a counterclaim claiming KPG breached the Contract, and seeks \$37.5 million in damages. On October 7, 2008, HV filed suit against us claiming that we are liable to HV for KPG’s alleged breach based on a Guaranty Agreement signed by us. HV has requested that the two cases be consolidated.

- On September 11, 2008, the Board of County Commissioners of Cherokee County, Kansas (the “County”) filed suit against KPG and us in the District Court of Shawnee County, Kansas. The petition alleges that KPG breached its pre-development agreement with the County when KPG withdrew its application to manage a lottery gaming facility in Cherokee County and seeks in excess of \$50 million in damages. In connection with their petition, the County obtained an ex-parte order attaching the \$25 million privilege fee paid to the Kansas Lottery Commission in conjunction with the gaming application for the Cherokee County zone. Defendants are currently contesting the validity and scope of the attachment and intend to defend the merits of the case going forward.
- In May 2006, the Illinois Legislature passed into law House Bill 1918, effective May 26, 2006, which singled out four of the nine Illinois casinos, including our Empress Casino Hotel and Hollywood Casino Aurora, for a 3% tax surcharge to subsidize local horse racing interests. On May 30, 2006, Empress Casino Hotel and Hollywood Casino Aurora joined with the two other riverboats affected by the law, Harrah’s Joliet and the Grand Victoria Casino in Elgin, and filed suit in the Circuit Court of the Twelfth Judicial District in Will County, Illinois (the “Court”), asking the Court to declare the law unconstitutional. Empress Casino Hotel and Hollywood Casino Aurora began paying the 3% tax surcharge during the three months ended June 30, 2006 into a protest fund which accrues interest during the pendency of the lawsuit, and have subsequently expensed approximately \$29.9 million in incremental tax, including \$5.2 million during the nine months ended September 30, 2008. The 3% tax surcharge expired on May 25, 2008. The accumulated funds will be returned to Empress Casino Hotel and Hollywood Casino Aurora if they ultimately prevail in the lawsuit. In two orders dated March 29, 2007 and April 20, 2007, the Court declared the law unconstitutional under the Uniformity Clause of the Illinois Constitution and enjoined the collection of this tax surcharge. The State of Illinois requested, and was granted, a stay of this ruling. As a result, Empress Casino Hotel and Hollywood Casino Aurora continued paying the 3% tax surcharge into the protest fund until May 25, 2008, when the 3% tax surcharge expired. The State of Illinois appealed the ruling to the Illinois Supreme Court. On June 5, 2008, the Illinois Supreme Court reversed the trial court’s ruling and issued a decision upholding the constitutionality of the 3% tax surcharge. The four casino plaintiffs filed a petition for rehearing with the Illinois Supreme Court, which was denied on September 22, 2008. The casino plaintiffs plan to file a petition for certiorari, requesting the U.S. Supreme Court to hear the case. In October 2008, the casino plaintiffs were granted a stay of the order to keep the funds from being transferred to the racetracks while the further appeals are pending.

- We are continuing to build and develop several of our properties, including Hollywood Casino at Penn National Race Course, Empress Casino Hotel, Argosy Casino Lawrenceburg, and Black Gold Casino at Zia Park. Additional information regarding our capital projects is discussed in detail in the section entitled “Liquidity and Capital Resources—Capital Expenditures” below.

Critical Accounting Policies

We make certain judgments and use certain estimates and assumptions when applying accounting principles in the preparation of our consolidated financial statements. The nature of the estimates and assumptions are material due to the levels of subjectivity and judgment necessary to account for highly uncertain factors or the susceptibility of such factors to change. We have identified the policies related to the accounting for long-lived assets, goodwill and other intangible assets, income taxes and litigation, claims and assessments as critical accounting policies, which require us to make significant judgments, estimates and assumptions.

We believe the current assumptions and other considerations used to estimate amounts reflected in our consolidated financial statements are appropriate. However, if actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on our consolidated results of operations and, in certain situations, could have a material adverse effect on our financial condition.

The development and selection of the critical accounting policies, and the related disclosures, have been reviewed with the Audit Committee of our Board of Directors.

Long-lived assets

At September 30, 2008, we had a net property and equipment balance of \$1,791.0 million within our consolidated balance sheet, representing 35% of total assets. We depreciate property and equipment on a straight-line basis over their estimated useful lives. The estimated useful lives are determined based on the nature of the assets as well as our current operating strategy. We review the carrying value of our property and equipment for possible impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable based on undiscounted estimated future cash flows expected to result from its use and eventual disposition. The factors considered by us in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the individual property level. In assessing the recoverability of the carrying value of property and equipment, we must make assumptions regarding future cash flows and other factors. If these estimates or the related assumptions change in the future, we may be required to record an impairment loss for these assets. Such an impairment loss would be calculated based upon the discounted future cash flows expected to result from the use of the asset, and would be recognized as a non-cash component of operating income. We tested our long-lived assets for impairment as of October 1, 2008, and no impairment was indicated.

Goodwill and other intangible assets

At September 30, 2008, we had \$2,013.3 million in goodwill and \$769.8 million in other intangible assets within our consolidated balance sheet, representing 40% and 15% of total assets, respectively, resulting from our acquisition of other businesses and payment for gaming licenses and racing permits. Two issues arise with respect to these assets that require significant management estimates and judgment: (i) the valuation in connection with the initial purchase price allocation; and (ii) the ongoing evaluation for impairment.

In connection with our acquisitions, valuations are completed to determine the allocation of the purchase prices. The factors considered in the valuations include data gathered as a result of our due diligence in connection with the acquisitions and projections for future operations. Goodwill is tested at least annually for impairment by comparing the fair value of the recorded assets to their carrying amount. If the carrying amount of the goodwill exceeds its fair value, an impairment loss is recognized. In accordance with Statement of Financial Accounting Standards (“SFAS”) No. 142, “Goodwill and Other Intangible Assets,” issued by the Financial Accounting Standards Board (“FASB”), we consider our gaming license, racing permit and trademark intangible assets as indefinite-life intangible assets that do not require amortization. Rather, these intangible assets are tested at least annually for impairment by comparing the fair value of the recorded assets to their carrying amount. If the carrying amounts of the gaming license, racing permit and trademark intangible assets exceed their fair value, an impairment loss is recognized. The annual evaluation of goodwill and indefinite-life intangible assets requires the use of estimates about future operating results of each reporting unit to determine their estimated fair value. Changes in forecasted operations can materially affect these estimates. Once an impairment of goodwill or other indefinite-life intangible assets has been recorded, it cannot be reversed. Because our goodwill and indefinite-life intangible assets are not amortized, there may be volatility in reported income because impairment losses, if any, are likely to occur irregularly and in varying amounts. Intangible assets that have a definite-life, including the management service contract for Casino Rama, are amortized on a straight-line basis over their estimated useful lives or related service contract. We review the carrying value of our intangible assets that have a definite-life for possible impairment whenever events or changes in circumstances indicate that their carrying value may not be recoverable. If the carrying amount of the intangible assets that have a definite-life exceed their fair value, an impairment loss is recognized. We tested our goodwill and other intangible assets for impairment as of October 1, 2008, and no impairment was indicated.

Income taxes

We account for income taxes in accordance with SFAS No. 109, “Accounting for Income Taxes” (“SFAS 109”). Under SFAS 109, deferred tax assets and liabilities are determined based on the differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities and are measured at the prevailing enacted tax rates that will be in effect when these differences are settled or realized. SFAS 109 also requires that deferred tax assets be reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The realizability of the deferred tax assets is evaluated quarterly by assessing the valuation allowance and by adjusting the amount of the allowance, if necessary. The factors used to assess the likelihood of realization are the forecast of future taxable income and available tax planning strategies that could be implemented to realize the net deferred tax assets. We have used tax-planning strategies to realize or renew net deferred tax assets in order to avoid the potential loss of future tax benefits.

[Table of Contents](#)

We adopted the provisions of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"), which is an interpretation of SFAS 109, on January 1, 2007. FIN 48 created a single model to address uncertainty in tax positions, and clarified the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS 109 by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in an enterprise's financial statements. FIN 48 also provided guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition.

As a result of the implementation of FIN 48, we recognized a liability for unrecognized tax benefits of approximately \$11.9 million, which was accounted for as a reduction to the January 1, 2007 retained earnings balance. The liability for unrecognized tax benefits is included in noncurrent tax liabilities within our consolidated balance sheet at September 30, 2008.

In addition, we operate within multiple taxing jurisdictions and are subject to audit in each jurisdiction. These audits can involve complex issues that may require an extended period of time to resolve. In our opinion, adequate provisions for income taxes have been made for all periods.

Litigation, claims and assessments

We utilize estimates for litigation, claims and assessments. These estimates are based on our knowledge and experience regarding current and past events, as well as assumptions about future events. If our assessment of such a matter should change, we may have to change the estimate, which may have an adverse effect on our results of operations. Actual results could differ from these estimates.

Results of Operations

The following are the most important factors and trends that contribute to our operating performance:

- The fact that most of our properties operate in mature competitive markets. As a result, we expect a majority of our future growth to come from prudent acquisitions of gaming properties, jurisdictional expansions (such as the recent openings in Pennsylvania and Maine) and property expansion in under-penetrated markets.
- The actions of government bodies can affect our operations in a variety of ways. For instance, the continued pressure on governments to balance their budgets could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes. In addition, government bodies may restrict, prevent or negatively impact operations in the jurisdictions in which we do business (such as through the Illinois and Colorado smoking bans that became effective on January 1, 2008).
- The fact that a number of states are currently considering or implementing legislation to legalize or expand gaming. Such legislation presents both potential opportunities to establish new properties (for instance, in Maryland) and potential competitive threats to business at our existing properties (such as in Kansas, Maryland, Ohio, and Kentucky). The timing and occurrence of these events remain uncertain. We also face uncertainty regarding anticipated gaming expansion by one of our competitors in Baton Rouge, Louisiana. Legalized gaming from casinos located on Native American lands can also have a significant competitive effect.
- The continued demand for, and our emphasis on, slot wagering entertainment at our properties.
- The ongoing successful expansion at Hollywood Casino at Penn National Race Course, Empress Casino Hotel, Argosy Casino Lawrenceburg, and Black Gold Casino at Zia Park.
- The successful execution of the development and construction activities currently underway at a number of our facilities, as well as the risks associated with the costs, regulatory approval and the timing for these activities.
- The risks related to current economic conditions, which may negatively impact our operating results and our ability to access financing.

Gaming expense at Argosy Casino Alton decreased by \$1.8 million and \$10.8 million for the three and nine months ended September 30, 2008, respectively, primarily due to a decrease in gaming taxes resulting from lower gaming revenue.

Gaming expense at Hollywood Casino Tunica decreased by \$1.6 million and \$4.5 million for the three and nine months ended September 30, 2008, respectively, primarily due to a decrease in gaming taxes resulting from lower gaming revenue, decreased marketing expenses and lower payroll costs.

Gaming expense at Boomtown Biloxi decreased by \$1.1 million and \$3.1 million for the three and nine months ended September 30, 2008, respectively, primarily due to a decrease in gaming taxes resulting from lower gaming revenue.

Gaming expense at Hollywood Casino Baton Rouge decreased by \$1.0 million and \$1.3 million for the three and nine months ended September 30, 2008, respectively, primarily due to a decrease in gaming taxes resulting from lower gaming revenue.

Food, beverage and other expense

Food, beverage and other expense increased by \$6.5 million, or 10.3%, and \$16.5 million, or 9.0%, for the three and nine months ended September 30, 2008, respectively, as compared to the three and nine months ended September 30, 2007, primarily due to a full quarter contribution from the casino at Hollywood Casino at Penn National Race Course, the acquisitions of Sanford-Orlando Kennel Club and Black Gold Casino at Zia Park, the opening of the permanent facility at Hollywood Slots Hotel and Raceway, and the impact of the hotel at Argosy Casino Riverside, all of which were partially offset by a decrease at Hollywood Casino Tunica.

Food, beverage and other expense at Hollywood Casino at Penn National Race Course increased by \$1.2 million and \$5.0 million for the three and nine months ended September 30, 2008, respectively, as the casino opened on February 12, 2008.

Food, beverage and other expense at Sanford-Orlando Kennel Club, which we acquired in mid-October 2007, was \$1.8 million and \$5.3 million for the three and nine months ended September 30, 2008, respectively.

Food, beverage and other expense at Black Gold Casino at Zia Park increased by \$2.8 million for the three months ended September 30, 2008, primarily due to favorable regional economic conditions and successful marketing efforts. Food, beverage and other expense at Black Gold Casino at Zia Park increased by \$2.9 million for the nine months ended September 30, 2008, as we acquired the property in mid-April 2007.

Food, beverage and other expense at Hollywood Slots Hotel and Raceway increased by \$1.8 million and \$3.8 million for the three and nine months ended September 30, 2008, respectively, primarily due to the opening of the permanent facility on July 1, 2008.

Food, beverage and other expense at Argosy Casino Riverside increased by \$0.2 million and \$1.8 million for the three and nine months ended September 30, 2008, respectively, primarily due to the impact of its hotel.

Food, beverage and other expense at Hollywood Casino Tunica decreased by \$0.2 million and \$1.4 million for the three and nine months ended September 30, 2008, respectively, primarily due to a decrease in cost of food and beverages resulting from lower food and beverage revenue, as well as lower payroll costs.

General and administrative expense

General and administrative expense at the properties includes expenses such as compliance, facility maintenance, utilities, property and liability insurance, surveillance and security, and certain housekeeping, as well as all expenses for administrative departments such as accounting, purchasing, human resources, legal and internal audit.

General and administrative expense increased by \$11.2 million, or 11.3%, and \$14.7 million, or 5.0%, for the three and nine months ended September 30, 2008, respectively, as compared to the three and nine months ended September 30, 2007, primarily due to a full quarter contribution from the casino at Hollywood Casino at Penn National Race Course, the opening of the permanent facility at Hollywood Slots Hotel and Raceway and an increase in corporate overhead expense, all of which were partially offset by decreases at Argosy Casino Lawrenceburg and Argosy Casino Alton.

[Table of Contents](#)

General and administrative expense at Hollywood Casino at Penn National Race Course increased by \$4.1 million and \$11.9 million for the three and nine months ended September 30, 2008, respectively, as the casino opened on February 12, 2008.

General and administrative expense at Hollywood Slots Hotel and Raceway increased by \$1.4 million and \$1.2 million for the three and nine months ended September 30, 2008, respectively, primarily due to the opening of the permanent facility on July 1, 2008.

Corporate overhead expense increased by \$15.6 million and \$12.0 million for the three and nine months ended September 30, 2008, respectively, primarily due to separation payments to Leonard DeAngelo and increased lobbying expenses, for efforts primarily in Ohio, Maryland and Maine.

General and administrative expense at Argosy Casino Lawrenceburg decreased by \$3.6 million and \$5.2 million for the three and nine months ended September 30, 2008, respectively, primarily due to decreased insurance, payroll and other costs.

General and administrative expense at Argosy Casino Alton decreased by \$1.9 million and \$4.3 million for the three and nine months ended September 30, 2008, respectively, primarily due to cost reduction measures and a decrease in worker's compensation claims.

Depreciation and amortization expense

Depreciation and amortization expense increased by \$7.0 million, or 18.8%, and \$19.0 million, or 17.2%, for the three and nine months ended September 30, 2008, respectively, as compared to the three and nine months ended September 30, 2007, primarily due to a full quarter contribution from the casino at Hollywood Casino at Penn National Race Course, the opening of the permanent facility at Hollywood Slots Hotel and Raceway, and the acquisition of Black Gold Casino at Zia Park.

Depreciation and amortization expense at Hollywood Casino at Penn National Race Course increased by \$5.6 million and \$14.9 million for the three and nine months ended September 30, 2008, respectively, as the casino opened on February 12, 2008.

Depreciation and amortization expense at Hollywood Slots Hotel and Raceway increased by \$2.0 million and \$1.8 million for the three and nine months ended September 30, 2008, respectively, primarily due to the opening of the permanent facility on July 1, 2008.

Depreciation and amortization expense at Black Gold Casino at Zia Park, which we acquired in mid-April 2007, increased by \$1.3 million for the nine months ended September 30, 2008.

Interest expense

Interest expense decreased by \$12.3 million, or 24.5%, and \$20.2 million, or 13.5%, for the three and nine months ended September 30, 2008, respectively, as compared to the three and nine months ended September 30, 2007, primarily due to lower outstanding balances and lower interest rates on our \$2.725 billion senior secured credit facility, as well as higher capitalized interest, in 2008.

Merger termination settlement fees, net of related expenses

Merger termination settlement fees, net of related expenses include the Cash Termination Fee, partially offset by costs incurred for the termination of the Merger.

Other

Other increased by \$3.3 million, or 124.1%, and \$9.9 million, or 118.2%, for the three and nine months ended September 30, 2008, respectively, as compared to the three and nine months ended September 30, 2007, primarily due to foreign currency translation gains that were recorded during the three and nine months ended September 30, 2008, partially offset by the write-off of costs incurred to procure licenses to manage gaming facilities in Kansas.

Liquidity and Capital Resources

Historically, our primary sources of liquidity and capital resources have been cash flow from operations, borrowings from banks and proceeds from the issuance of debt and equity securities.

Net cash provided by operating activities was \$370.7 million and \$346.1 million for the nine months ended September 30, 2008 and 2007, respectively. Net cash provided by operating activities for the nine months ended September 30, 2008 included net income of \$225.3 million, non-cash reconciling items, such as depreciation, amortization and the charge for stock compensation, of \$162.1 million, partially offset by net changes in asset and liability accounts of \$16.7 million.

Net cash used in investing activities totaled \$277.6 million and \$470.9 million for the nine months ended September 30, 2008 and 2007, respectively. Net cash used in investing activities for the nine months ended September 30, 2008 included

[Table of Contents](#)

expenditures for property and equipment totaling \$273.0 million, investment in corporate debt securities totaling \$5.1 million, and final purchase price adjustments for acquisition of businesses, such as Black Gold Casino at Zia Park and Sanford-Orlando Kennel Club, totaling \$0.4 million, all of which were partially offset by proceeds from the sale of property and equipment totaling \$0.9 million.

Net cash (used in) provided by financing activities totaled \$(141.9) million and \$135.4 million for the nine months ended September 30, 2008 and 2007, respectively. Net cash used in financing activities for the nine months ended September 30, 2008 included principal payments on long-term debt totaling \$798.2 million, \$24.6 million in payments on insurance financing, and repurchases of stock totaling \$31.6 million, all of which were partially offset by proceeds from the exercise of stock options totaling \$1.9 million, the tax benefit from stock options exercised totaling \$1.0 million, proceeds from the issuance of long-term debt and insurance financing totaling \$215.9 million and \$22.3 million, respectively, and a deposit on preferred stock, net of related expenses, totaling \$471.4 million.

On July 3, 2008, we entered into an agreement with certain affiliates of Fortress and Centerbridge, terminating the Merger Agreement. In connection with the termination of the Merger Agreement, we agreed to receive a total of \$1.475 billion, consisting of the Cash Termination Fee and the Investment. Pursuant to the terms of the preferred equity purchase agreement, the purchasers made the Initial Investment to us on July 3, 2008, in addition to the payment of the Cash Termination Fee. Under the terms of the purchase agreement, the purchasers deposited the remaining preferred equity investment purchase consideration with an escrow agent, with the funds to be released from escrow upon the issuance of the preferred stock. On October 30, 2008, following the receipt of required regulatory approvals and the satisfaction of certain other conditions, we closed the sale of the \$1.25 billion, zero coupon, preferred equity investment, and received the remaining preferred equity investment purchase consideration of \$775 million from the escrow agent.

We primarily used the net proceeds from the Initial Investment and the after-tax proceeds of the Cash Termination Fee to repay some of our existing debt and for repurchases of our common stock. The repurchase of up to \$200 million of our common stock over the twenty-four month period ending July 2010 was authorized by our Board of Directors in July 2008. During the three months ended September 30, 2008, we repurchased 1,149,600 shares of our common stock in open market transactions for approximately \$31.7 million, at an average price of \$27.52. During the month ended October 31, 2008, we repurchased 7,785,384 shares of our common stock in open market transactions for approximately \$120.9 million, at an average price of \$15.51.

Capital Expenditures

Capital expenditures are accounted for as either capital project or capital maintenance (replacement) expenditures. Capital project expenditures are for fixed asset additions that expand an existing facility. Capital maintenance expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or no longer cost effective to repair.

The following table summarizes our expected capital project expenditures by property for the fiscal year ending December 31, 2008, and actual expenditures for the nine months ended September 30, 2008:

Property	Expected for Year Ending December 31, 2008	Expenditures for Nine Months Ended September 30, 2008 (in millions)	Balance to Expend in 2008

Our most recent phase of development at Charles Town Entertainment Complex was the construction of a 153-room hotel, which opened to the public on September 5, 2008.

On February 12, 2008, we opened the casino at Hollywood Casino at Penn National Race Course, which included, upon opening, 2,020 slot machines, a five-story garage, an innovative, multi-media Hollywood design theme and bars and restaurants ranging from casual dining to higher-end fare. The facility has capacity for 980 additional gaming devices, and we added 207 additional slots in August 2008. The Epic Buffet was opened in October 2008, and a signature restaurant is scheduled to open in December 2008.

The Hollywood Slots Hotel and Raceway in Bangor, Maine opened on July 1, 2008. The permanent facility included 1,000 slot machines at opening, an attached parking garage and several restaurants. In addition, a 152-room hotel opened in August 2008.

The Hollywood-themed expansion at Argosy Casino Lawrenceburg includes the addition of 1,450 parking spaces and 1,162 gaming positions, as well as enhanced amenities and a floor layout that will better facilitate customer flow. The garage and pedestrian walkway opened in May 2008.

We plan to invest \$50 million to improve Empress Casino Hotel's competitive position, as the Illinois Gaming Board resolved to allow us to retain the facility. We are in the design phase for these improvements, and expect to begin these facility enhancements in late 2008. We expect the gaming vessel, food, beverage and VIP amenity upgrades to be completed in the fourth quarter of 2009.

At our Black Gold Casino at Zia Park, we have started design of a 150-room hotel, which will include a new steakhouse. We expect to break ground for this project during the first quarter of 2009. We believe that the property will benefit from a lodging component that will extend current patrons' time at these facilities and attract additional visitation.

During the nine months ended September 30, 2008, we spent approximately \$45.1 million for capital maintenance expenditures at our properties. The majority of the capital maintenance expenditures were for slot machines and slot machine equipment.

Cash generated from operations and cash available under the revolver portion of our \$2.725 billion senior secured credit facility have funded our capital project and capital maintenance expenditures in 2008 to date.

Debt

Senior Secured Credit Facility

During the nine months ended September 30, 2008, our \$2.725 billion senior secured credit facility amount outstanding decreased by \$581.2 million, primarily due to principal payments on long-term debt, partially offset by the issuance of long-term debt for items such as payment for capital expenditures, funding associated with the opening of the Hollywood Casino at Penn National Race Course, privilege payments to the State of Kansas, and payments for income taxes owed and lobbying efforts, primarily in Ohio, Maryland and Maine. During the three months ended September 30, 2008, we primarily used the net proceeds from the Initial Investment and the after-tax proceeds of the Cash Termination Fee to repay some of our existing debt.

6⁷/₈% Senior Subordinated Notes

On May 9, 2008, Merger Sub announced that it had commenced a cash tender offer and consent solicitation for any and all of our \$200 million 6⁷/₈% senior subordinated notes. The tender offer and consent solicitation was being conducted in connection with the Merger Agreement and the obligation to accept for purchase and to pay for such notes was subject to the satisfaction or waiver of certain conditions, including the consummation of the Merger. In connection with the termination of the Merger Agreement, these offers were withdrawn.

6³/₄ % Senior Subordinated Notes

On May 9, 2008, Merger Sub announced that it had commenced a cash tender offer and consent solicitation for any and all of our \$250 million 6³/₄ % senior subordinated notes. The tender offer and consent solicitation was being conducted in connection with the Merger Agreement and the obligation to accept for purchase and to pay for such notes was subject to the

satisfaction or waiver of certain conditions, including the consummation of the Merger. In connection with the termination of the Merger Agreement, these offers were withdrawn.

Covenants

At September 30, 2008, we were in compliance with all required financial covenants.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The table below provides information at September 30, 2008 about our financial instruments that are sensitive to changes in interest rates, including debt obligations and interest rate swaps. For debt obligations, the table presents notional amounts maturing during the period and the related weighted-average interest rates at period-end. For interest rate swaps, the table presents notional amounts and weighted-average interest rates outstanding at each period-end. Notional amounts are used to calculate the contractual payments to be exchanged under the contract and the weighted-average variable rates are based on implied forward rates in the yield curve as of September 30, 2008.

In accordance with the terms of our \$2.725 billion senior secured credit facility, we were required to enter into interest rate swap agreements in an amount equal to 50% of our consolidated indebtedness, excluding the revolving credit facility, within 100 days of the closing date of the \$2.725 billion senior secured credit facility.

On October 25, 2005, we entered into four interest rate swap contracts with terms from three to five years, notional amounts of \$224 million, \$274 million, \$225 million, and \$237 million, for a total of \$960 million, and fixed interest rates ranging from 4.678% to 4.753%. The annual weighted-average interest rate of the four contracts is 4.71%. Under these contracts, we pay or paid a fixed interest rate against a variable interest rate based on the 90-day LIBOR rate. As of September 30, 2008, the applicable 90-day LIBOR rate was 2.80% for the \$960 million swaps. The \$224 million and \$225 million swaps expired on October 27, 2008. The counterparty for the \$225 million swap is Lehman Brothers, which filed for Chapter 11 bankruptcy protection during the three months ended September 30, 2008. The fair value of the \$225 million swap was in a liability position at September 30, 2008, and is included in accrued interest within the consolidated balance sheet at September 30, 2008.

On April 6, 2006, we entered into three interest rate swap contracts with a term of five years and notional amounts of \$100 million each, for a total of \$300 million and fixed interest rates ranging from 5.263% to 5.266%. The annual weighted-average interest rate of the three contracts is 5.26%. Under these contracts, we pay a fixed interest rate against a

variable interest rate based on the 90-day LIBOR rate. As of September 30, 2008, the applicable 90-day LIBOR rate was 2.80% for the \$300 million swaps. The counterparty for one of the \$100 million swaps is Lehman Brothers, which filed for Chapter 11 bankruptcy protection during the three months ended September 30, 2008. The fair value of this \$100 million swap was in a liability position at September 30, 2008, and is included in accrued interest within the consolidated balance sheet at September 30, 2008.

On September 5, 2007, we entered into two interest rate swap contracts with terms of nine months and notional amounts of \$197 million and \$181 million, for a total of \$378 million, and fixed interest rates of 5.01%. The \$197 million swap expired on June 17, 2008, while the \$181 million swap expired on July 18, 2008.

On December 19, 2007, we entered into three monthly interest rate swap contracts, each with notional amounts of \$146.25 million and fixed interest rates of 4.97% effective December 31, 2007, 4.47% effective January 31, 2008 and 4.40% effective February 29, 2008. The \$146.25 million swap matured on March 31, 2008.

ITEM 4. CONTROLS AND PROCEDURES

Our management, under the supervision and with the participation of our principal executive officer and principal financial officer, have evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2008, which is the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well-designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on that evaluation, our principal executive officer and principal financial officer have concluded that these disclosure controls and procedures are effective in providing that (a) material information relating to us, including our consolidated subsidiaries, is made known to these officers by other employees of us and our consolidated subsidiaries, particularly material information related to the period for which this periodic report is being prepared; and (b) this information is recorded, processed, summarized, evaluated and reported, as applicable, within the time periods specified in the rules and forms of the Securities and Exchange Commission.

There were no changes that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonable likely to materially affect, our internal controls over financial reporting.

I, Peter M. Carlino, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Penn National Gaming, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
