**PART III — NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Penn National Gaming, Inc. (the "Company") is unable to file its Quarterly Report on Form 10-Q for the period ending September 30, 2015 within the prescribed time period for the reasons set forth below.

As described in Item 4.02 of the Company's Current Report on Form 8-K filed on October 22, 2015, the Company is changing the classification of its master lease (the "Master Lease") with Gaming and Leisure Properties, Inc. ("GLPI") from an operating lease to a financing transaction. Accordingly, the Audit Committee has determined that the Company will restate previously issued financial statements for its fiscal years ended December 31, 2013 and 2014, and interim financial statements for the fiscal quarters ended March 31, 2014, June 30, 2014, September 30, 2014, March 31, 2015 and June 30, 2015, and, as a result, those financial statements should no longer be relied upon. Additionally, management's evaluation of disclosure controls and procedures and management's report on internal controls over financial reporting for the year ended December 31, 2014, the opinion of Ernst & Young LLP ("EY"), the Company's independent registered public accounting firm, on the consolidated financial statements for each of the two years in the period ended December 31, 2014, as well as EY's opinion on the effectiveness of the Company's internal controls over financial reporting as of December 31, 2014 should also no longer be relied upon.

The Company is currently evaluating the effects that the restatement will have on the Company's previously recorded goodwill and other intangible asset impairment charges in 2013 and 2014 and is not in a position to timely file the Quarterly Report on Form 10-Q for the period ended September 30, 2015 without unreasonable effort or expense.

The Company anticipates that it will complete and file the restated financial statements (inclusive of the September 30, 2015 Quarterly Report on Form 10-Q) at or about the time by which it typically files its Annual Report on Form 10-K, or sooner if possible. The Company anticipates that it will disclose a material weakness in internal controls over financial reporting in its restated Annual Report on Form 10-K/A for the year ended December 31, 2014.

- x Yes o No
- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?
- x Yes o No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

On October 22, 2015, the Company reported revenue of \$739.3 million for the three months ended September 30, 2015, compared to revenue of \$645.9 million for the three months ended September 30, 2014. The increase in revenue reflects year-over-year improvements in regional gaming trends and a benefit from the first full quarterly contributions from Plainridge Park Casino and the Company's two Ohio racing and video lottery terminal facilities that opened in the third quarter of 2014. The Company also continued to grow during the quarter with the completed acquisitions of Tropicana Las Vegas, Inc. and Illinois Gaming Investors, LLC (d/b/a Prairie State Gaming), for which the Company realized a partial quarter of contributions to operations, net of transaction costs.

As noted in Part III, the Company is currently evaluating the effects that the restatement will have on the Company's previously recorded goodwill and other intangible asset impairment charges in 2013 and 2014.

On October 28, 2015, the Company disclosed that it anticipates that, as a result of a change in lease classification, it will report additional liabilities of approximately \$3.5 billion as of September 30, 2015, which represents the present value of the future minimum lease payments to GLPI under the Master Lease at the lease inception date of November 1, 2013, less principal reductions to this obligation since that time. Additionally, the Company anticipates reporting assets of approximately \$2.0 billion as of September 30, 2015 on its balance sheet for the real property leased from GLPI under the Master Lease.

The Company does not expect the adjustments in the restatement to have an impact on its cash position, cash flows, leverage ratios under its senior credit facility and other debt instruments (as the terms of those obligations require the Master Lease to be treated as an operating lease regardless of the treatment required under GAAP), revenues and rental payments or other obligations under the Master Lease. At September 30, 2015, the Company had cash and cash equivalents of \$223.5 million and total debt (excluding the financing obligation to GLPI under the Master Lease of approximately \$3.5 billion) of \$1.67 billion.

The Company does not intend to update publicly any forward-looking statements except as required by law. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this Form 12b-25 may not occur.
